

Lesson Plans - Clean Up Song

To be used with the album:

“Come and See My Rainbow - Kindergarten Music Volume 1” by Barb McIlquham

Before Teaching the Song:

1. Set expectations and guidelines for clean up time.
2. Explain to the students that after the song is sung, they are expected to put things away.

After Teaching the Song:

1. This song can be used for clean up time after daily activities.
2. You may wish to get the students attention first and then have the students sing the song altogether before cleaning up. Another option can be to start singing the song together and then the students can start cleaning up as they sing the “la, la, la, la, la, la, la”, part.
